

Thanks for Purchasing!

HOW TO CUSTOMIZE THE POKER TABLE

1. Edit Table Shape

- Find the Smart Object (layer named "Edit Table Shape Here")
- Right Click > Edit Contents

Default Shape

Custom Shape

Replace the default shape with your own shape.
Then update (save + close) the Smart Object.

2. Customize Colors and Materials

- Expand the TABLE layer group to edit the table.
- Expand the FLOOR layer group to edit the flooring.

Hope it will help you to customize the table.

Enjoy the item and have fun!

Regards,

Aditya
